# THROUGH A LIFE

ILLUSTRATIONS BY TOM HAUGOMAT

Themes : childhood, space

Windows, skylights, screens, focal lengths: through these openings, a life passes by, a whole life... A life which crosses space, gradually links itself to the infinitely small and the infinitely large, to the insect which moves under the magnifying glass, to the galaxy displayed in the astronomical telescope; to the birthplace by the bay, and to the metaphysical cosmos. A man's life, both simple and grandiose, here presented in screen prints taken from the book (Nobrow publishing) with an educational journey presenting the artist, his technique and the conquest of space.
